

JAN INTAKE · SEPTEMBER 2026 – JANUARY 2027

Study in Germany

142 German institutions, 2,484 English-taught programmes identified nationally, an eroding-but-mostly-intact tuition-free model, and an explicitly flagged open question on the APS Certificate that needs direct embassy verification before advising clients.

EU / Schengen

142 Institutions Shown

APS Status Unresolved — Verify

14/16 States Tuition-Free

HEC Certificate Mandatory

Germany at a Glance

⚠️ UNRESOLVED — APS CERTIFICATE REQUIREMENT

Sources actively disagree on whether APS is mandatory for Pakistani applicants

Multiple 2026 sources (MS in Germany APS Quiz, BorderNbridges, Ocean.net.pk, Opaige) say APS is mandatory for Pakistan; other sources (GradGermany, MS in Germany, Studienkolleg.org) say Pakistan does NOT need it, and a 2024 uni-Koblenz source lists APS as required only for China/Mongolia/Vietnam/India. This deck's own institution-level eligibility matrix lists "APS + HEC" at every profiled university, which leans toward treating it as required — but **do not state a firm answer to a client**. Resolve directly with the German Embassy Islamabad or DAAD Pakistan before advising. If it does apply: fee ≈PKR 30,000 (~€100), processing 4 weeks normal / 8–16 weeks peak, lifetime validity.

HEC CERTIFICATE — CONFIRMED MANDATORY

Required since February 2026

uni-assist will not process an application without HEC verification — unlike the APS question, this is not in dispute

TUITION MODEL — ERODING, NOT UNIFORM

14 of 16 states still tuition-free

But TUM, Hochschule München, TH Ingolstadt, Konstanz already charge, and FAU joins from Summer 2027 — do not present Germany as universally tuition-free anymore

BLOCKED ACCOUNT (SPERRKONTO)

€11,904 minimum (2026/27)

Max monthly withdrawal €992 · Expatrio/Fintiba/Coracle/Deutsche Bank all offer provider accounts

VISA APPOINTMENT WAIT

Islamabad ~7 months / Karachi ~4 months

Plus 6–12 weeks for the decision after interview at either consulate — start the process very early

INSTITUTIONS COVERED

142 shown (20 fully profiled)

Germany has ~422 higher-education institutions nationally (120 universities + 243 FH + 57 arts/music + 22 theological/education) — this deck profiles the most relevant for international students

122 institutions are shown for city/tuition-range reference only (no individually confirmed course list in the source research) — 20 institutions have full profiled course data on the following pages. Tuition shown as €0 reflects the general state policy; always confirm per-institution since several public universities (TUM, FAU, Hochschule München, TH Ingolstadt, Konstanz) now charge non-EU tuition.

Quote Carefully — Corrections & Safeguards

COUNSELOR NOTES — WHAT CHANGED FROM THE PREVIOUS GERMANY DECK

- **APS status is a genuinely open question** — do not tell a client it is or isn't required; say it depends on current embassy guidance and needs direct confirmation before they commit to the (optional but often expected) certificate process.
- **HEC certificate is now confirmed mandatory** (Feb 2026) — this is new since the last deck and is not optional; uni-assist rejects applications without it.
- **Germany is no longer uniformly tuition-free** — TUM, Hochschule München, TH Ingolstadt, and Konstanz already charge; FAU joins from Summer 2027. Always name the specific institution's fee status, never say "Germany is free" as a blanket claim.
- Two standard deadlines apply broadly: **15 January 2027** (Summer 2027 intake) and **15 July 2027** (Winter 2027/28 intake) — but individual institutions vary, shown per-institution where confirmed.
- 122 institutions in this deck are registry-only (name/city/sector, no individually confirmed programme list) — present as "Germany also has..." breadth, not as fully researched options.
- Course lists are the confirmed English-taught programmes found in this source, not guaranteed-exhaustive — always confirm the live list on the university's own site before quoting a client.
- No blanket deadline extensions exist in Germany — occasional single-institution extensions happen, but should never be assumed.
