Italy at a Glance

CRITICAL UPDATE — IMAT ABOLISHED

Public medical schools no longer use the IMAT entrance test

Replaced by the "Open Semester" (Semestre Aperto) system — confirmed extended for 2026/27 via Ministerial Decree No. 941 (10 July 2026). Students enrol without an admission test, complete a common first semester, and progression to the next semester is decided by first-semester exam results and national ranking. 52,000 students competed for 18,889 places in 2026/27. **Private medical schools** (Humanitas, San Raffaele, UniCamillus, Cattolica) still use their own selection tests (HUMAT, UniSR Test, etc.) — IMAT abolition applies to public universities only.

TUITION (PUBLIC, NON-EU)

€900 – €4,000 / year

Income-based (ISEE) at most public universities — genuinely one of Europe's most affordable public systems

TUITION (PRIVATE, NON-EU)

€6,000 – €25,000+ / year

Bocconi, LUISS, Cattolica, and the private medical schools sit at the top of this range

VISA FINANCIAL REQUIREMENT

€10,179.85 / year

≈PKR 3.2–3.3 million, confirmed for both 2026/27 and 2027/28 — bank statements now need 12 months of history (extended from 6)

VISA DEADLINE (MUR FIXED)

31 October 2027 (2027/28)

2026/27 cycle: 30 November 2026 — university internal deadlines are often earlier, always check both

INSTITUTIONS COVERED

92 shown (18 fully profiled)

61 state universities + 30 private universities + AFAM academies/conservatories + ITS academies exist nationally — this deck profiles the most relevant for international students

Quote Carefully — Corrections & Safeguards

COUNSELOR NOTES — VERIFIED SOURCE, STILL CONFIRM BEFORE QUOTING

- This deck is built from a **cross-checked, verified** research report (MUR circulars, Embassy Islamabad, university pages, WHO Observatory) — a meaningful upgrade over the earlier Italy deck, which carried heavy data-reliability warnings from an unverified source.
- The IMAT-abolition finding is the single most important update — the previous deck described IMAT as active; it is not, for public universities, as of the Ministerial Decree extending the Open Semester system through 2026/27.
- Public-university tuition is **income-based (ISEE)** — the €900–4,000 range is real but the exact figure a given family pays depends on declared income; don't quote a single flat number as guaranteed.
- 74 institutions in this deck are registry-only (name/city, no individually confirmed programme list or fee) — present them as "Italy also has..." breadth, not as fully researched options.
- Course lists on the following pages are the confirmed English-taught programmes found in the source research, not guaranteed-exhaustive catalogues — always confirm the live list on the university's own site before quoting a client.
- DSU scholarship deadlines are early (Sept) and explicitly not extended in past cycles — flag this well ahead of the application season, not as an afterthought.
- Financial-document scrutiny has increased for Pakistani applicants specifically — prepare clients for a more rigorous review than in prior cycles.
