# Visa Process & Application Timing

## PAKISTAN-SPECIFIC REQUIREMENTS

- **TOPIK Level 3+** for Korean-taught programmes (Level 2 for arts/PE); **Level 5** for Korean Language & Literature/Education; **Level 4** for International Trade
- **English track:** TOEFL iBT 71 / IELTS 5.5 / CEFR B2 / TEPS 600 / TOEIC 755 baseline — higher for specific programmes (English Lit 80+, Biology 75+)
- **Apostille required** on all documents
- **GKS scholarship** is available to Pakistani applicants — a genuine selling point worth raising early with strong candidates

## STUDY GAP & AGE POLICY

Most universities have no explicit gap restriction, though some (e.g. Konkuk) require a gap-period certificate past 1 year. Ideal application window is within 2 years of graduation; up to 5 years accepted at some universities with the age ceiling relaxed to 25. Competitive universities can be strict: no older than 23 and no more than 15 months since graduation. Doctoral programmes generally cap at 40–45. GKS age caps: Master's under 30, PhD under 35, Research under 50.

## COUNSELOR NOTE

Application windows are short and vary sharply by institution — some are only a few days long (SNU Graduate: 6–9 July 2026). Set calendar reminders per target institution well in advance rather than relying on a single "South Korea deadline."

# Deadlines, Eligibility & Gap/Age Policy

- KAIST (PG): average  $\geq 85/100$  (2.55/4.0, 2.90/4.3, or 3.10/4.5 depending on scale used), STEM focus with math/science weighted heavily.
- SKKU (UG): GPA  $> 2.5/4.0$ , 3.0/4.5, or 3.3/5.0 depending on the applicant's transcript scale.
- Most universities accept a high school diploma directly for undergraduate entry; SAT/AP/IB/A-Levels are recommended but not always mandatory.

# Quote Carefully — Corrections & Safeguards

## CORRECTIONS & SAFEGUARDS — DO NOT OVERSTATE

- This deck was deliberately deferred earlier in the project and is being built now from genuinely researched source data — 5 institutions (Seoul National University, KAIST, Yonsei, Korea University, SKKU) are deeply profiled; the remaining 21 are drawn from the national flagship master list for breadth only.
- SNU's English-taught Bachelor's offering is limited — most undergraduate programmes are primarily Korean-medium even when some courses are offered in English; do not present SNU as broadly English-taught at Bachelor's level.
- Application windows are short and institution-specific — several are measured in days, not months; always confirm the live window before quoting a client.
- Tuition figures are national ranges, not institution-specific guarantees — confirm the exact figure per programme before quoting.
- TOPIK/English test requirements vary meaningfully by programme within the same university — check the specific programme, not just the institution.
