SWEDISH INSTITUTE SCHOLARSHIP — DETAIL

- Must already be applied to an eligible Master's via universityadmissions.se by **15 January 2026**

COUNSELOR NOTE

The scholarship is a genuine, strong selling point for serious, well-qualified applicants — but it is competitive (189 awarded against many more applicants) and time-bound to a narrow February window. Do not present it as a routine or guaranteed benefit; frame it as an opportunity worth applying for early and properly.

Deadlines, Eligibility & Gap/Age Policy

APPLICATION DEADLINES — SPRING/AUTUMN 2027

- National system (universityadmissions.se) Autumn 2027 Round 1: opens 16 Oct 2026, deadline 15 Jan 2027, Master's results 1 Apr 2027, Bachelor's results 8 Apr 2027.
- National system Autumn 2027 Round 2 (late applications): opens 15 Mar 2027, deadline 15 Apr 2027, results 9 Jul 2027.
- Jönköping University Spring 2027: 15 Aug – 31 Oct 2026.
- Note: Sweden runs genuine late-application rounds if seats remain (KTH accepts late applications up to the semester start) — Stockholm School of Economics is the notable exception and does not accept late applications at all.

GRADE & SUBJECT-MARK ELIGIBILITY

- Master's requires a 4-year bachelor's degree (minimum 124 credits) OR a 3-year bachelor's plus a separate master's degree — a 3-year bachelor's alone is not enough.
- Engineering programmes typically want Mathematics 4 (Gy11), Physics 2 (Gy11), Chemistry 1 (Gy11), all at minimum Pass.
- Stockholm School of Economics requires a minimum GPA of 9.1 on the 7–10 scale and does not accept predicted grades.

PAKISTAN-SPECIFIC REQUIREMENTS

- HEC attestation is mandatory for every transcript and diploma submitted.
- Pakistani upper-secondary schooling does NOT by itself meet the English-language requirement — a separate English test is required regardless of medium of instruction.
- Excluded/ineligible degrees: BAMS, BUMS, BSMS, BHMS, Pharmacy (Ayurveda), Naturopathy, and Bachelor's/Master's of Technology.

STUDY GAP & AGE POLICY

Sweden is one of the most gap-friendly destinations in Europe — the concept of a 'gap year' effectively doesn't exist administratively; a diploma from any year is accepted as long as prerequisites are met, and gaps of 5–6 years are routinely approved. No age limit for studying (minimum 15), though applicants over 35 may see more visa scrutiny.

FEE RANGE CROSS-CHECK

Public: SEK 80,000–300,000/year. Private/independent: SEK 120,000–200,000/year.
Application fee: SEK 900 (national system).

Sourced from the Sep 2026 cross-country compilation (Applications deadlines, eligibility update, Additional institutes Parts C/D, and the Gap Acceptance & Age Limitations report). Cross-check dates and thresholds directly with the institution before quoting to a client — several deadlines shown here are Pakistan-specific and differ from the general non-EU date.

Quote Carefully — Corrections & Safeguards

CORRECTIONS & SAFEGUARDS — DO NOT OVERSTATE

- Sweden is **not** tuition-free for non-EU/EEA students — every institution in this deck charges real tuition; only EU/EEA/Swiss citizens are exempt.
- SEK 900 is an **application** fee, separate from tuition — don't conflate the two when quoting.
- The Swedish Institute scholarship is competitive and Master's-only with a narrow application window (10–26 Feb) — do not present it as available to every applicant or as a routine benefit.
- This deck covers 28 institutions with genuinely verified tuition/deadline data. A further set of independent and specialist institutions (fine arts colleges, theological colleges, etc.) exist in the source master list without researched tuition/deadline detail — do not quote those without confirming figures first.
- Deadlines cluster around 15 January but are not identical across institutions — always confirm the specific program's deadline before quoting a client.
