

JAN INTAKE · SEPTEMBER 2026 – JANUARY 2027

Study in Türkiye

48 Turkish institutions across 129 public and 79 foundation universities, tuition from just €250/year at public institutions, and a fully-funded Türkiye Bursları scholarship pathway for Pakistani applicants.

Non-Schengen

48 Institutions Shown

€250–700 Public Tuition

Türkiye Bursları Scholarship

New Country — First Deck

Türkiye at a Glance

STANDOUT — EXCEPTIONALLY LOW PUBLIC TUITION

€250–€700/year at public universities — among the cheapest in Europe

Master's: €500–1,200/year. This is a genuine differentiator versus every other country in this dataset — worth leading with for cost-sensitive clients. Private/foundation universities charge far more (\$4,000–20,000+/year, elite institutions like Koç up to \$59,000 for Medicine).

TR-YÖS EXAM

Mandatory at most public universities

Minimum 300 points, valid 2 years, administered twice yearly by ÖSYM. SAT/IB/GCE A-Level/ABITUR accepted as alternatives at some institutions.

TÜRKİYE BURSLARI SCHOLARSHIP

Full funding, ~50 spots for Pakistan

Covers tuition + stipend + accommodation + health insurance + 1-year Turkish course. IELTS/TOEFL not mandatory. Apply 10 Jan – 20 Feb 2027 — highly competitive (~250,000 applicants for ~5,000 global spots).

VISA FINANCIAL REQUIREMENT

PKR 2,000,000 – 3,500,000

≈\$2,200–5,500 · processing ~15 working days via Anatolia Travel Services (Islamabad, Karachi, Lahore, Peshawar + more)

SCALE

208 universities nationally

129 public + 79 private · 362,000+ international students in 2025 · 26 Turkish universities in QS World Rankings 2026

INSTITUTIONS COVERED

48 shown (29 fully profiled)

This deck covers the top research/foundation universities plus 15+ additional English-programme institutions — a representative slice of the national total

Quote Carefully — Corrections & Safeguards

CORRECTIONS & SAFEGUARDS — NEW COUNTRY, FIRST DECK

- This is a brand-new country deck built from a single verified research pass (cross-checked against YÖK, ÖSYM, university pages, Türkiye Bursları) — treat it with the same "confirm before quoting" discipline as any first-pass deck.
- **YÖK recognition is non-negotiable** — verify any specific institution on the YÖK website before advising; degrees from non-recognised institutions will not be accepted for further study or professional practice in Pakistan.
- Public tuition figures (€250–700/year) are genuinely this low but vary by faculty — Medicine/Dentistry and top private universities charge far more; never quote the low public figure for a private-university or Medicine client.
- 19 institutions in this deck are registry-only (name/city, no individually confirmed programme list) — present as "Turkey also has..." breadth, not fully researched options.
- Turkish universities have a documented pattern of granting deadline extensions for high application volume or system issues — helpful context, but never advise a client to plan around an assumed extension.
- TR-YÖS is mandatory at most (not all) public universities — some accept SAT/IB/A-Levels instead; confirm per institution before telling a client they need it.
